

## Nissan Community College Summer Internship Program

**Nissan North America and Central Mississippi Planning and Development District** are partnering to give students from the Industrial Maintenance programs at Copiah-Lincoln, Hinds, Holmes, and Southwest Community Colleges an opportunity to obtain firsthand training and experience. The students will participate in training with mechanics, technicians, and mechanical systems specialists. With this experience, students will receive educational skills and training to elevate their skill set, boosting job performance and closing any existing skills gaps. The industrial and mechanical training course programs are designed to meet the needs of employees and their future employers. Various topical programs, from hydraulic systems repair and maintenance training to mechanical training for field service technicians, promote self-paced, flexible learning experiences guided by industry expert coursework.

### 1. Who can apply to the Nissan Summer Community College Internship Program?

Students who have completed a minimum of one year of coursework in their program of study with a **preference of three completed semesters of coursework by Spring 2024 are eligible.**

### 2. Are internships paid?

Yes. Internships are paid and benchmarked to ensure competitive rates.

### 3. Where are the internship positions located?

Nissan North America  
300 Nissan Drive  
Canton, MS 39046  
(601) 855-6010

### 4. Is housing provided for interns?

Housing is ***not*** provided as part of the internship experience.

### 5. What schools are participating in this internship program?

Copiah-Lincoln, Hinds, Holmes, and Southwest Community Colleges

### 6. Are interns hired as full-time employees as a result of this internship?

Not in all instances. Our goal is to help interns gain the career experience they need to be successful after graduation. As a result, many interns are invited back to join as full-time employees after completing their coursework and based upon their internship experience.

### 7. Will students get to drive a GT-R?

No. Central Mississippi Planning and Development District does not provide interns with a Nissan or INFINITI demo vehicle during their internship experience.

### 8. Why should I apply to the Nissan North America Spring Internship Program?

Interns are provided with the opportunity to use their knowledge, talents, and skills to impact the future of the Nissan organization and industry. Interns receive projects that are both challenging and rewarding. Interns are directly immersed into the organization and are considered part of the Nissan family.

**Note: This internship is separate and apart from the Nissan North America Internship Program.** For more information regarding the Nissan North America Internship Program, please visit the following website:
