Six months is all it takes!

In less than six months you will learn how to read blueprints, weld, cut and fabricate steel components used to build ships or other steel structures. Students who complete this program are prepared for good paying jobs with great benefits! These jobs offer an opportunity to build a great future in careers such as ship fitting, steel fabrication, welding, boiler making and more!

Southwest Mississippi Community College does not discriminate on the basis of race, color, national origin, age, sex, religion, or disability in its programs, activities or employment practices. The following persons have been designated to handle inquiries and grievances regarding the non-discrimination policies: Mrs. Rhonda Gibson, Director of Disability Support Services, 601-276-3885; Mr. Blake Brewer, Vice President for Student Affairs and Title IX Coordinator, 601-276-3717; SMCC, 1156 College Drive, Summit, MS 39666.
